## Professional Skill

- HTML/CSS/SCSS
- JavaScript
- Express
- jQuery
- MongoDB
- PM2 server
- Bootstrap
- Typescript
- Node.js
- React.js
- Redux
- AWS S3
- WordPress

## Soft Skill

- Problem solving
- Management
- Leadership
- Communication

## Education History

- Gandhi Institute of Advanced Computer and Research, Odisha (BPUT)  
Completed in **2019**  
**7.46 CGPA**
- R.P.S Inter Collage, Chakradharpur (Jharkhand)  
Completed in **2015**  
**53.2%**
- 10th+2 high school, Goilkera (Jharkhand)  
Completed in **2013**  
**56.6%**

## Professional Profile

I am a Passionate developer with proven 3.5+ years of experience and skills in application standards and I'm proficient in creating rest API's, designing & developing user interfaces, testing, and debugging. And I have worked in building high end Applications and have a strong skills and willingness to learn new technologies.

## Professional Experience

**MilliPixels Interactive | Software Engineer**

**April-2023 to Sept-2023**

### Project 1: Circles

Description: Circles is to give tech-based solutions to the companies, and which provides two dashboards admin & employee which we can track the task and assigned the task. it has following modules Domain, roles based login, tracking task, Reports, Uploads and Dashboard Modules etc.

Key responsibilities:

- UI development using reactJS for the admin panel & ERP panel of the project.
